Ms. Senn,

Thank you for your efforts on this issue.

I see the V C Summer Plant matter continuing for about a decade in the courts.

I suggest that the Legislature take as strong a stand as they can, and then let the battle move to the courts.

Regards,

Michael Hajny

Me too! I have five SCEG accounts! But I don't think the Senate will take away the whole 18% but I'm fighting for the best outcome. As far as getting our money all back, well it's been given away in bonuses 😊

Greetings!

I hear on the news that the V C Summer plant is being discussed in the Legislature.

Just a reminder of my position: Since the cancelled V C Summer Plant is neither USED nor USEFUL, and since there may be prudency issues,

- I want back ALL the money I as a rate payer have paid into the canceled plant; and,
- I do NOT want to pay as a rate payer or as a tax payer anything into the future for the cancelled plant.

The stockholders of SCANA / SCE&G should bear the loss.

PS: SCEG Distribution and SCE&G Transmission are doing just fine. It is the nuclear plant construction that I am mad about.

Thank you and Regards,

Michael Hajny
